As a follow up to the March 2nd Principals' meeting on the President's Infrastructure Initiative, we will be gathering in EEOB 472 at 2:00 p.m. on March 15th. The purpose of the meeting is to lay out in more detail how we plan on organizing this effort and the data gathering and policy coordination it will entail. This will be the first of many meetings as we try to pull together an integrated approach to infrastructure.

AMERICAN OVERSIGHT

Attached please find an agenda for the meeting and list of participants (if you would like to add a participant, please contact Austin first as space is limited), the memo and presentation handed out at the Principals' meeting on March 2nd, some background on FPISC, and an Executive Order on high-priority projects.

In terms of your involvement, we would like to hear any ideas you have that fall into 6 categories outlined in the attached memo. This meeting will not be long enough for us to discuss any ideas in depth. Instead, I would prefer to have you just give the group bullet points on potential avenues of exploration; so we are able to develop some synergy as a group.

If you have any questions, please reach out to Austin at (b) (6)

Yeah, Byron and or I could do it.

Ryan,

Coming to you first, and wanted to see if you have time to meet in the next week or so or if you could point us in the right direction for a meeting at EPA, especially on RCRA.

Our client Bloom Energy, a fuel cell manufacturer that runs its fuel cells on natural gas, has tried to work through EPA regulations and we would like to come in and discuss. Here is the short version: Bloom uses a de-sulfurization unit to extract sulfur from natural gas as it enters the fuel cell stacks. In doing so, the units capture a trace amount of benzene, a regulated chemical.

We'd love to talk to you or someone on your staff about this and can bring their General Counsel either next week (the 20-24) 27th or after April 4th. Let me know what works on your end.

Thanks,
T.A.

AMERICAN OVERSIGHT

EPA-17-0432-C-002324

My meeting (accompanied by our economist, Michael McManus) is scheduled for Tuesday April 21 at 11 AM with Barry Breen, and presumably OLEM staff. You asked me to tell you so that you could send someone to attend. Charley Maresca, the Director for Interagency Affairs and me are also meeting with Samantha Dravis on the following day to address this and other issues (SBREFA panel procedures and regulatory reform).

At this meeting with OLEM, I'd like to discuss our comment letter, EPA's preliminary response to this letter, and EPA's plans to work on this rulemaking during the 120 day comment period extension. We'd like EPA to issue a NODA with additional EPA analysis. We also could briefly address 108(b) and the three "other" industries.

David, who is being assigned to this issue within the transition team (and possibly OP?)

George, I thought I'd copy you on this note since this issue is of major significance. Feel free to contact me.

I realize some folks are out on Friday, but need to circle back on this issue this week. My schedule is pretty open and can move things around after 10 am to accommodate if there is a better time on Friday.

Subject: Q&A Session on OMB guidance M-17-22 "Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce"

All – we look forward to our Q&A session on OMB Guidance M-17-22 "Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce" for agency staff this Friday from 1:30-2:30pm. We've had a number of requests for more than 1 attendee per agency. Given we are unable to set-up a call-in, we have changed rooms at GSA to 1459 and 1460 and we can now accommodate 2-3 people per agency. Please RSVP to pmc.support@gsa.gov <mailto:pmc.support@gsa.gov> <mailto:pmc.support@gsa.gov> by COB tomorrow (5/3). To help us prepare for the session, you can also send-in questions ahead of time to the same email address.

Thank you,

Asma Mirza

AMERICAN OVERSIGHT

Agency Leads,

OMB is hosting an open Q&A session on OMB guidance M-17-22<https://www.whitehouse.gov/sites/whitehouse.gov/files/omb/memoranda/2017/M-17-22.pdf> "Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce" working group session on Friday, May 5th from 1:30-2:30pm at the main GSA building, located at 18th and F St NW, room 1425. The purpose of the session is to answer questions agencies staff who are developing the Agency Reform Plans may have about the guidance, provide updates, and determine what future meetings might be useful for this group. While this invitation is going to the Agency Leads identified by the President's Management Council members, please feel to send one representative that is most appropriate for the discussion. The OMB participants include Mark Bussow, OMB Performance Team Lead, and Kristy Daphnis, OMB Personnel Team Lead.

Please RSVP by COB Monday, May 1st to pmc.support@gsa.gov <mailto:pmc.support@gsa.gov> <mailto:pmc.support@gsa.gov> with the name and title of the attendee. As a reminder, please bring a government-issued photo ID such as a PIV card to access the building.

Thank you.

I am writing to request a meeting with you on behalf of our client the PHS group, which consists of a coalition of companies involved in the Portand Harbor Superfund cleanup. My colleague Howard Schweitzer recently met with your colleague Mandy Gunasekara on another non-related issue and she identified you as the best contact within EPA to discuss our particular issue.

PHS consists of 3 of the primary stakeholders that are involved in the next phase of the Portland Harbor Superfund clean-up plan. It is the intention of PHS to work with the EPA, and other primary stakeholders, to not only advance, but to expedite the clean-up plan. We do however have some ideas on how best to accomplish this in a way that would be beneficial to all parties involved.

DJ asked that I set up a policy coordinating working group to begin focusing on what the bill is going to look like and some of the bigger policy proposals that will be included. The composition of this working group is intended to be at the level just below deputy principals. With infrastructure being so big in scope, our plan is to have a series of meeting over the next few weeks dedicated to various topic of the bill. We would like for our first meeting to be next week, which will focus permitting. It is tentatively scheduled for Thursday, June 1 from 3 - 5 in EEOB 472. If I can find conference room availability for Wednesday at that time, we will have this meeting Wednesday from 3 - 5. I will let you know on Tuesday morning if I am successful in finding a conference room for Wednesday and send out the WAVES link for access into the EEOB.

Here is a summary of the permitting section. It does not include a final list of all the permitting lane 5's we have been discussing. We are still working through those. Rather, it shows the topic areas that the permitting section will cover and some of the broader ideas that we intend for those sections to cover. For this meeting, we will discuss the proposals that should be included under those sections.

Nancy,

Many thanks for your time this week, and for the time that you put into coming up to speed on this very complex matter.

We are very pleased to hear that OPP has confirmed that we can submit a Section 3 application before the transfer of jurisdiction, and we have started ramping up the resources to complete our Section 3

RE: Meeting request - 6/14

Greetings. I represent the American Concrete Pressure Pipe Association. Our members products are used in drinking water and sewer applications in 90 of the top 100 metropolitan areas in the United States.

ACPPA is a strong support of the SRF program. Maintaining and increasing funding for the SRFs is a priority legislative issue for our organization.

Our association's president - Richard Mueller - will be in Washington, D.C.

on Wednesday, June 14. We'd like to meet with someone in your office to introduce ourselves, establish a line of communication on SRF administration/implementation issues and learn more about current issues and challenges facing these important programs.

Thank you for considering our request.

This follows up on my email a couple of weeks ago about trying to set up a meeting with USWAG to discuss its petition and potential changes to the rule. It looked like this time worked for most people. It would be helpful to do a pre-meet to discuss options.

I expect USWAG will bring its outside counsel. Please invite DOJ. We can set up a call-in number if that is easier for DOJ.

Hi everyone –

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive and invitation for each day

Dear Patrick,

Thanks for the response. How does 2:00 pm EDT on July 25 work? If not, is there another time that afternoon that would work? Thanks also for the note about the comment period --- Asarco will be submitting comments by that date as well.

Best regards,

Mark

Mark DeLaquil
Partner

I hope all is well. I am reaching out concerning EPA's CERCLA financial responsibility proposal. I represent Asarco LLC, which will be filing comments on the proposal. Asarco would also appreciate the opportunity to discuss its concerns with you or another appropriate EPA official.

Duane Yantorno, Asarco's Corporate Manager for State and Federal Regulatory Affairs, will be in Washington from Arizona in late July so I am hoping to schedule the meeting for either July 25, the morning of July 26, or July 28.

Please let me know if any of those dates work schedule-wise. If not, I can propose alternative dates. Also, if there is any other information I can provide to assist, please let me know.

One last note so that you are fully informed, in February I raised the possibility of a meeting with Kevin Minoli. We tabled the issue at that time due to the extension of the comment period.

Hi all, looking forward to our meeting tomorrow afternoon!

We'll meet here at USDA, since it's a relatively central location, and I can easily secure a room here.

Alex, we'd love to host you, if you can make it here – otherwise we'd love to have you join by phone, if you're available.

When you come to the front desk here at 1400 Jefferson Drive SW, please have your picture IDs ready and ask for Evelyn Suarez.

Thanks so much!
Jannine

Attendees: TBD

Request[redacted]e com[redacted]lion members of the United Association (UA) and North America's Building Trade Unions (NABTU), I request the pleasure of a meeting with you, President Mark McManus of LIUNA and President Sean McGarvey of NABTU on July 5th 2017. UA and NABTU members care about infrastructure; and that is what we would like to discuss with you. Our members often benefit from the good paying jobs that are a byproduct of development and deployment of all types of infrastructure, from pipelines, to highways and waterways. UA and NABTU have a track record of supporting projects[redacted] union jobs and we maintain an all of the above approach to energy development.

[redacted]

We are particularly enthused to see the department's efforts to streamline project permitting. An acceleration of permitting and construction of infrastructure carries with it the potential to create thousands of jobs with extensive economic multiplier effects across the United States economy. Specifically we would like to discuss how we work together on the Administration's infrastructure development agenda and share our ideas for public policy that will further our mutual goals: jobs and a growing economy.

Subject Deputies Meeting on the Permitting Section of the Infrastructure Legislative Proposal
Location Cordell Hull, EEOB 208
Show Time As Busy

The National Economic Council will be hosting a Deputies Meeting on [redacted] the Permitting Section of the President's Infrastructure Legislative Proposal on Thursday, August 31st at 3:00pm in Cordell Hull, EEOB 208. The purpose of this meeting is to discuss significant policy provisions in the permitting section of the President's infrastructure legislative package. The permitting legislative principles build on the Executive Order the President signed on August 15th and include proposed reforms to laws and policies that unnecessarily hamper infrastructure perm[redacted]ivery. The permitting section has been developed with staff across the Executive Branch, and this meeting will ensure Agency Deputies are informed regarding these proposals before the infrastructure package is released in September.

Please let me know if your deputy is able to attend. Each deputy is able to bring a +1.

If you are able to attend and need to be cleared into the building, please use the link below:

Subject: Call with IPC CEO

Dear Byron,

We met during an electronics industry meeting with the Administrator on May 2nd. During that meeting, our client IPC, which is a global trade association representing large and small companies in the electronics industry, described issues of concern under various EPA programs affecting the industry and our desire to find solutions that advance environmental stewardship while also minimizing or eliminating unnecessary or overly burdensome reporting/regulation. Per my discussion yesterday with Patrick Davis, I was hoping to set up a call next week between you and the CEO of IPC, John Mitchell, to update you on one of the issues we raised in that meeting. Would you have time either on Monday between 3 and 4:30 or Tuesday at either 11:30 or 12 for a short call?

Thank you,

Gabe

Subject Infrastructure Initiative Communications Coordination
Location EEOB 350
Show Time As Tentative

All--

We are pulling together a group of interagency staff to begin focusing in a more coordinated way on communications efforts associated with the policy, regulatory, and legislative aspects of the President's Infrastructure Initiative. We'll be looking to coordinate a calendar of infrastructure newsworthy events/opportunities to highlight the need for infrastructure investment throughout the country as well as the need for permitting and regulatory reforms. For example, this effort will include identifying proposed and planned opportunities to engage with industry and stakeholders throughout the country, press release opportunities surrounding agency policy or regulatory reforms that align with the President's infrastructure agenda, success stories on accelerated infrastructure project delivery, opportunities for White House leadership involvement at events, and eventually, events surrounding the release of the infrastructure legislative principles.

We look forward to your attendance and participation Monday. Please bring other staff who will be critical to this effort. To obtain clearance to the EEOB, please submit WAVES information using the link and information below.

In the meantime, please contact me with any questions.

Location EPA North 3330
Show Time As Busy

OLEM has received significant edits to the 108(b) package this afternoon plus we are working to address FAR comments. After discussing this situation with Byron we thought that with the Wednesday submission to OMB looming we need the principals to get together and agree on a strategy and approach for handling the comments and moving the package to OMB.

If someone has a meeting room downtown that we could use please let me or Meghan/Richard know and we will add the room number otherwise we will try to find space in the OLEM IO.

Teammates

Acting Deputy Administrator Mike Flynn announced that the Agency would be conducting Cybersecurity Stand-Down events starting in the month of October and concluding in early November.

What is a "Stand-Down"?
A Cybersecurity Stand-Down is a time for employees to focus on security, resilience, and privacy. This year's theme is Spam, and will have several training opportunities beginning next week.

When will event take place?
The stand-down will occur from November 6th – 9th , 2017. Session should last about one hour. Attendance will be taken to provide OAES with a percentage of participation in the sessions. You are free to come to any mandatory sessions.

How will you participate?
During the stand-down you will watch a video on the importance of cybersecurity at EPA, participate in an interactive activity, and engage with your colleagues about keeping information secure.

What is Cybersecurity?
Cybersecurity impacts all of us when we go online, use our mobile device or tablet, or use a cloud-based service. We all interact with various tools designed to protect your personal information. It is critical for everyone to understand cybersecurity and our role in being safe while staying connected to minimize the chance of an incident.

EPA continues to incorporates several measures to protect our data and computing environment. For more information about EPA 's cybersecurity program is available at http://intranet.epa.gov/oei/Cybersecurity.html.

If you have any information security related questions or concerns, please contact Ganiat Aiyegoro, AO Primary Information Security Officer, at 202-566-1798 or James Howard, Information Management Official at 202-564-0407.

All sessions will be located in the WJCN 2530. The session times are as follows:

Subject WJCN 2530
Location Training for Active Shooter Preparedness
Show Time As Tentative

AO Colleagues,

Please plan on attending EPA's Active Shooter Response Training on Thursday, December 7th in WJCN 2530 starting at 9:00 AM. [redacted]

It's important to prepare for a possible active shooter situation by locating the primary and alternate exits closest to you and walking through your work area to identify:

* Potential hiding places that provide cover (ballistic protection) and concealment (shooter cannot see you).
* Items nearby that could improve cover/concealment.
* Ordinary office items you could use to defend yourself against an attacker/active shooter.

You are strongly encouraged to review the Occupant Emergency Plan (OEP) for the building where you work; please visit the HQ Security in the Workplace <http://intranet.epa.gov/oa/smd/hqsecurity/oep-index.htm> intranet site to access the OEPs for Headquarters buildings. More information can be found on the Active Shooter Response and Preparedness <http://intranet.epa.gov/oa/smd/activeshooterresponsetraining.html> intranet site.

Remember, during an Active Shooter event, you have three options based on where you are when you hear shots fired:

1. RUN: evacuate.
2. HIDE: seek cover and concealment.
3. FIGHT: take aggressive action.

If you have questions, please contact Bill Bellerose, HQ OEP Program Manager, at 202-566-2191 or bellerose.william@epa.gov <mailto:bellerose.william@epa.gov> .

Congressman Cramer's staff has requested that EPA participate in a meeting w/Sabin Metals and Mayer Brown LLP about the issue. The staffer plans to invite Tim Keeler (Sabin attorney with Mayer Brown LLP), Bob Jacobsen (Sabin), Bob Hansen (Sabin), and possibly Andy Sabin.

Attached is the incoming August 30, 2017, letter from Senators Hoeven and Heitkamp and Congressmen Cramer, Collins, and Zeldin regarding the impacts to the economy and the environment because overseas producers are not permitted to ship petrochemical byproducts to the U.S. for recycling. Also attached is EPA's November 3, 2017, response to that letter, which ORCR coordinated closely w/OGC, OITA, and the State Department, because they (the State

Dept.), too, had received the same letter from the Hill (to which they responded on October 11.)

James from the Houston Chronicle is going to come here on Monday afternoon. Please come to my office at 5 p.m. Byron, if you are available, you are welcome. Thank you – Liz

Following up from the pen and pad last month, would someone from EPA be available to sit down and talk about the effort to streamline the permitting process at EPA.

I'm particularly interested in how this would impact the construction of petrochemical and gas processing facilities, for which there is high demand in Texas.

I think you'd said Bill Wehrum might be a good person to talk to? Also, someone told me that Henry Darwin had worked on this issue in Arizona, so he might be a good person to interview?

SAVE THE DATE: Please note the changed dates, location and duration
Dear RSFLG Under Secretaries and Assistant Secretaries:
As noted during the last RSFLG Under Secretaries meeting, we are changing to a reduced meeting tempo and a slightly longer meeting: meetings will be every other Tuesday, starting January 9th, from 3:30 to 5:00.
Because of renovations to the M-01 Conference room, we are unfortunately also going to have to move to another location. The new location will be 400 C St SW, Room 7NE-208A. The main entrance to 400 C is actually on 4th St SW, just south of C St SW, but if you come in the FEMA main entrance you can reach 400 C by an internal hallway.
Thank you,
Recovery Support Function Leadership Group (RSFLG) Meeting

SAVE THE DATE: Please note the changed dates, location and duration
Dear RSFLG Under Secretaries and Assistant Secretaries:
As noted during the last RSFLG Under Secretaries meeting, we are changing to a reduced meeting tempo and a slightly longer meeting: meetings will be every other Tuesday, starting January 9th, from 3:30 to 5:00.
Because of renovations to the M-01 Conference room, we are unfortunately also going to have to move to another location. The new location will be 400 C St SW, Room 7NE-208A. The main entrance to 400 C is actually on 4th St SW, just south of C St SW, but if you come in the FEMA main entrance you can reach 400 C by an internal hallway.
Thank you,

From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your right. This is the South Lobby entrance to the William Jefferson Clinton building. Once inside the building, security will prompt you to scan all items such as bags, coats etc.. Please let the guards know that you were instructed to call Shanita Loving at 564-4728 or Ethel Bailey 564-5149 to escort you to Susan Bodine swearing in ceremony. Security will have the visitors passes for everyone.

Allow for 10-15 minutes to get through the process.

Dear RSFLG Under Secretaries and Assistant Secretaries:
As noted during the last RSFLG Under Secretaries meeting, we are changing to a reduced meeting tempo and a slightly longer meeting: meetings will be every other Tuesday, starting January 9th, from 3:30 to 5:00.
Because of renovations to the M-01 Conference room, we are unfortunately also going to have to move to another location. The new location will be 400 C St SW, Room 7NE-208A. The main entrance to 400 C is actually on 4th St SW, just south of C St SW, but if you come in the FEMA main entrance you can reach 400 C by an internal hallway.
Thank you,

Update: Read Aheads for tomorrow's meeting attached. Thanks!

The purpose of this meeting is to further our discussion relative to modernizing the Corps permitting of Non-Corps projects. We are compiling the input received and expect to provide a document that summarizes opportunities for quick wins, as well as areas requiring additional focused interagency action. Anticipating that we will quickly begin to move out in a prioritized way, please ensure your policy lead also participates in this meeting.
